

G-Pen M712X

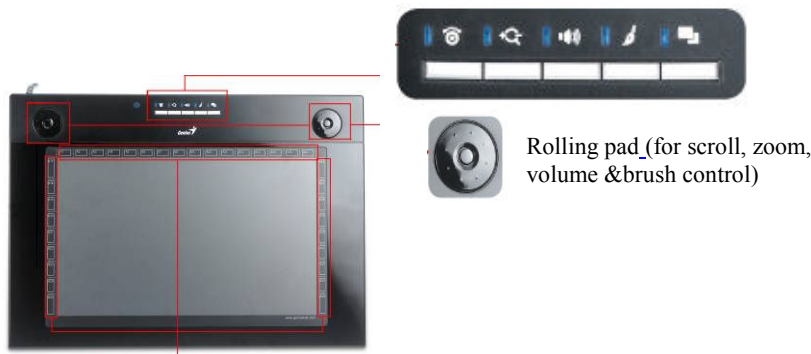

12" x 7" professional & multimedia tablet

The *G-Pen M712X* from Genius is a brand-new multimedia tablet with cordless pen for professionals. The 4000 LPI high resolution provides the best graphic performance for design. The unique dual mode function can switch the active area instantly from wide to standard, back and forth. The 12" x 7.25" (wide) / 9.5" x 7.25" (standard) working area and one cordless pen is great for Windows and MAC users to write, draw, sketch and sign emails. Using the pen tablet gives you better convenience and control compared to your mouse. The cursor moves precisely where you position the pen.

The rolling pad together with the hot keys at the top of the tablet are convenient for easily operating the 4D scrolling, zoom in /out ,volume up/down and brush-width. 34 fast shortcut keys you can select with the pen for instant access to Office, Internet and Vista functions. And the cordless pen features two buttons and 1024 level pressure sensitivity for thickness during drawing or writing.

Just plug it in and you can use the built-in Vista functions like personal note taking, email signing, handwriting recognition, handwritten emails and pen flick navigation. By the way, *G-Pen M712X* is bundled with PhotoShop Elements 6.0 (full version) and PhtopImpact 12SE. This tablet that is the best choice for artists and designers. Just ask your salesperson how you can pick this device up.
